For Immediate Release

31 March 2008

**Aero Inventory plc  
Five Year Exclusive Supply Contract with All Nippon Airways.**

Aero Inventory plc ("Aero Inventory") is pleased to announce that it has signed a five year exclusive contract with All Nippon Airways Co., Ltd. ("ANA") to supply and manage a wide range of consumable and expendable aircraft parts for Airbus A320 and B747-400 aircraft in the ANA fleet. The contract commencement date is 1 April 2008.

The initial contract period will be for five years, with two further five year extension options, and will involve a purchase by Aero Inventory of ANA's existing stock in line with Aero Inventory's business model. The total consideration to be paid to ANA amounts to US\$22.5 million and will be financed using part of Aero Inventory's recently enlarged asset backed finance facility with Lloyds TSB Commercial Finance.

At ANA's recent rate of consumption the contract would be expected to generate revenues for Aero Inventory of some US\$ 160 million over the initial five-year contract period.

Rupert Lewin, CEO of Aero Inventory said;

"We are delighted to have been selected as a partner by ANA, one of the world's leading airlines, and to enter the important Japanese market."
